WHEREAS, the Chairman of the Anacoco-Prairie State Fish and Game Commission has requested commercial nets be prohibited in Lake Vernon, Anacoco Lake, and that portion of Anacoco Bayou between the lakes, all in Vernon Parish, and

WHEREAS, fish population samples taken by the district fisheries biologist indicates a very low population of commercial fish, and

WHEREAS, it is evident there are no viable commercial fisheries due to the scarcity of these commercial species, and

THEREFORE BE IT RESOLVED that the Louisiana Wildlife and Fisheries Commission hereby prohibits the use of all commercial webbing in Anacoco Lake, Lake Vernon, and that portion of Anacoco Bayou between the lakes. This prohibition will become effective September 1, 1981.

As requested by Commissioner James C. Farrelly, Mr. Corky Perret gave a report of the shrimp season to date. He said that due to favorable conditions of high salinities, high temperatures, etc., we have had excellent shrimp survival and growth. Commercial production during May was 12.6 million pounds in Louisiana. For the same time last year, the production figure was 4.6 million--some 8 million pounds of shrimp ahead of last year. This is the second highest recording the State has ever had. The record year was 1977 in the State of Louisiana and, also, for the Gulf of Mexico.

Commissioner Jesse M. Knowles discussed House Bill No. 511, a statewide trespass bill, which is now on the Governor's desk. He stressed this bill would impact the State of Louisiana about two million dollars for fencing, posting of signs, etc., on the State's Wildlife Management Areas. Mr. Knowles asked and received the Commission Members' concurrence in signing a letter to the Governor asking him to veto H.B. 511. (letter follows)

Honorable David C. Treen
Governor, State of Louisiana
State Capitol - 4th Floor
Baton Rouge, Louisiana 70804

Dear Governor Treen:

The Louisiana Wildlife and Fisheries Commission at its monthly Commission Meeting today, June 23, 1981, unanimously moved that the Commission opposes the uniform trespass bill (HB 511).

The uniform trespass bill (HB 511) has been passed by both houses of the Legislature. In its present form, it would cost the Department of Wildlife and Fisheries approximately two million dollars (\$2,000,000.00) to comply with the requirements of the Act. The greater part of this cost would be the required posted signs and fencing.

Since there was no fiscal funding included in this bill, we hereby request that HB 511 be vetoed.

Sincerely yours,

Motion was made by Mr. Charles A. Riggs, seconded by Mr. Jesse M. Knowles, and passed unanimously, that he be allowed to discuss oysters which he thought would be of interest to the Commission Members.

Commissioner Riggs stated that in the Calcasieu River there is possibly the largest concentration in the United States of beautiful, large oysters and estimates a million bushels of oysters in this contaminated area.

Mr. Max Summers, Assistant Chief, Seafood Division, stated the problem was caused by untreated domestic waste in the area. It has been closed by the Health Department for the past several years. Samples are taken on a recurring basis and when the count is within the Shellfish Sanitation Code, the area would be opened.

Motion was made by Mr. Jesse M. Knowles, seconded by Mr. Charles A. Riggs, and passed unanimously, the 1981-82 resident game hunting seasons and migratory bird seasons other than waterfowl as presented by Mr. Joe Herring be approved. The rules and regulations are appended to these minutes.

A booklet form will be used for the Louisiana Hunting, Fishing, Trapping and Motorboat Regulations this year. Thomas J. Moran Printing Company has had the printing contract for many years and again this year had the lowest bid because of the State 5% discount. The Department saved nine thousand dollars (\$9,000.00) because the contract was rebid this year.

Three large fur buyers appeared before the Commission as follows:

Mr. Butler Mahler, Mahler, Inc.
Mr. Julian Steinberg, Steinberg and Company
Mr. Simon Yoker, Delta Fur Company

The fur buyers stated they were opposed to a later opening date for the southern part of the state. They would like the trapping season to begin early and the same date as the northern part of the state.

Chairman Gilbert announced the July meeting will be held in New Orleans on July 27 and 28, 1981. The August meeting will also be held in New Orleans on August 24 and 25, 1981.

Motion was made by Mr. Jesse M. Knowles, seconded by Mr. Charles A. Riggs, and passed unanimously, that the meeting be adjourned.

RESOLUTION

Whereas, Upper Ouachita, Bogue Chitto, Delta, and Lacassine National Wildlife Refuges were established for the purpose of preserving, protecting, and wisely managing the wildlife resources occurring on these lands and

Whereas, The management of these wildlife resources is largely dependent on the ability to regulate and control the use of said resources on such refuges, and

Whereas, The navigatable waters which flow through the subject refuges and, therefore, owned by the State of Louisiana, and

Whereas, These are inholdings of private or corporate lands totally within the boundaries of the subject refuges or within the refuge and State boundary, and

Whereas, Existing Federal regulations do not have jurisdiction over said navigatable water bodies or inholdings of non-Service lands, and

Whereas, The current wildlife management program will be seriously hampered by the lack of enforcement jurisdiction of subject lands and waters,

Now, Therefore, Be It Resolved that the Louisiana Department of Wildlife and Fisheries hereby establishes the following rules and regulations for all navigatable waterways and private lands that are wholly within the refuge boundaries or those which are within the refuge boundary and the State of Louisiana boundary:

Hunting seasons, including the use and transportation of firearms will be the same as those currently in effect on Upper Ouachita, Bogue Chitto, Lacassine, and Delta National Wildlife Refuges.
